DG Smith Insurance – embrace change

As Fall approaches each year we begin to prepare for the changing seasons. We turn off the air and prepare the furnace. We do year-end maintenance on the lawnmower and dust off the snow blower. This should also be a time where we review our insurance requirements.

If you have a child heading off to College or University you will want to ensure their personal belongings like furniture, laptops, printers, etc. are protected while they are away from home. Some policies will include a limit within the existing wordings and others will require an endorsement be added. On a positive note many insurance companies offer attractive discounts on your automobile premiums if your student is residing a certain distance from home.

As the summer comes to an end boats are coming off the lake, summer cars are being prepared for storage and winter cars are being equipped to go on the road. This is always a good time to speak to your broker and make sure that nothing gets missed in transition.

Give us a call and we would be happy to answer any questions you may have. We can be reached at 905-852-5691 or visit our website at www.dgsmithinsurance.com. If you prefer to visit us in person we are located in the Staples Plaza at 4 Banff Road, Unit 2.

Owners Kevin and Keri Smith.
